Chris,

Please see below and attached revised profile document. If you can return this week great otherwise we'll do it on Monday.

Thanks my fax # is in my signature below.

Hello,

Please see the attached revised waste profile for the PCB soil down in Nathalie. I apologize, but after review by Approvals (Addie), it was suggested that I should have not been so wordy and also incorrectly labeled the material as "RCRA/TSCA" in the Process Description and actually, it should not be deemed as such when still within the AOC. So if you will, please review with Christine and let me know. We think it is best this way to adhere to the rule as it is set forth. Thanks very much, and I'm sorry again, I should have had Addie review it prior to sending it out for signature.

See attached and let me know what you think. I spoke to [Redacted] about it. If you want any other language added, or need any other changes let me know.

Thank you!
